Dear Mr. DeLoach:

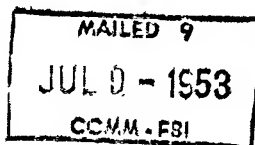

In connection with the inspection of the Birmingham Office, you included in the administrative data under the caption of Plant Informants a reference to those facilities deemed vital by the Special Agent in Charge. In connection with these facilities, you reported a failure to indicate the identity of the interested agency and the agency having security responsibility. Inasmuch as these facilities were declared vital by the Special Agent in Charge, it was not possible or practical to endeavor to show the responsible agency. As you know, these plants are selected by the Special Agent in Charge on the basis of potential value of the plants in connection with any possible future national emergency.

It is essential that Inspectors be meticulously accurate in presenting their findings, in offering constructive criticism, and in issuing instructions to Special Agents in Charge. It is realized that this error is primarily attributable to a Special Agent who assisted you on the inspection; however, inasmuch as you were in charge of the inspection you must bear the responsibility of any errors resulting.

Very truly yours,

Inspector J. H. WILLIAMS telephonically contacted the writer as of July 13, 1953, at 2:00 P.M., relative to having knowledge concerning the captioned case. Inspector WILLIAMS advised that there is a pending file in the Atlanta Division at the present time regarding this matter and that the file contains information indicating that former Atlanta SAC, KLINE WEATHERFORD, had been sued by the above-mentioned subjects relative to the recovery of an automobile.

This file was not brought to my attention during the May, 1953, Inspection of the Atlanta Division, neither did any Inspector's Aide discuss this matter with me during the Atlanta Inspection. Should the fact that the SAC of the Atlanta Division was sued have come to my attention, the Bureau would, of course, have been immediately advised and an explanation would have been obtained from Atlanta relative to a delay in this matter.

It is my understanding, from remarks of Inspector WILLIAMS, that the above-mentioned file was reviewed by Inspector's Aide, HENRY A. DONAHUE, of the Birmingham Division, who was assigned to the Atlanta Inspection in May, 1953. DONAHUE is an experienced Agent who also has had considerable experience on Inspections. DONAHUE, however, considering the fact that all serials were actually in the file at the time of his review, did not bring this matter to the writer's attention.

RECOMMENDATION

For information and assistance regarding Inspector WILLIAMS' inquiry.

SYNOPSISBackground

On 9/24/52 an Alcohol Tax Unit car was stolen. A Theft of Government Property case was opened in the Atlanta Field Office. [REDACTED] arrested 10/9/52 on Federal warrant by Agents and police officers, arraigned same date and released by U. S. Commissioner at preliminary hearing because the body of the car in [REDACTED] possession was the body of the car stolen from the Alcohol Tax Unit but the chassis and motor were of a different vehicle and [REDACTED] disclaimed any knowledge of theft, pointing out that he had obtained car body through a used car dealer.

On 10/13/52 [REDACTED] brought a bail in trover action in Fulton County Court, Atlanta, Georgia, against SAC Kline Weatherford of Atlanta Office and [REDACTED] Supervisor, Alcohol Tax Unit. [REDACTED] sought to recover the car which was seized by the Government. AUSA [REDACTED], Atlanta, arranged 10/14/52 for the action to be removed to Federal Court in Atlanta. No papers were ever served on the SAC. On 5/22/53 Federal Judge Frank A. Hooper handed down a summary judgment in favor of SAC Weatherford and [REDACTED] the defendants. The first the Bureau heard of this matter was when it received a memorandum of 6/17/53 from Assistant Attorney General Warren E. Burger advising of the action of the Federal Court in favor of the Government.

Findings

Inspector John H. Williams checked into this matter. He interviewed AUSA [redacted] who first stated that he heard of this suit by reading about it in the newspaper. A check of Newspapers by Inspector Williams was negative. [redacted] then said he heard of it through his secretary. She was interviewed by Inspector Williams and stated she did not see anything about the suit in the newspaper. AUSA [redacted] then concluded that he probably first heard of the case through SA Rollin A. Stanley of the Atlanta Office or SA Ernest G. Coleman, also of the Atlanta Office. Coleman resigned in November, 1952. [redacted] never has discussed this matter with either SAC Weatherford or SAC Crawford H. Carson.

Weatherford was SAC of the Atlanta Office during the pertinent period until 3-28-53 when he left on transfer to become SAC at Chicago. Weatherford denies any knowledge of the suit, the filing thereof, subsequent negotiations, or any other phase. Weatherford advised Inspector Harry C. Van Pelt, who interviewed him in Chicago, that the first he ever heard of the suit was when the Bureau asked for an explanation from him in late June, 1953. On the other hand, former SA Coleman,* who was interviewed by SAC Ellsworth in Oklahoma City 7-6-53, stated that the case was assigned to him from 9-29-52 until 12-2-52 and that he discussed the matter fully with SAC Weatherford shortly after the filing of the suit against Weatherford. Weatherford denies this. It does not appear that this can be clarified for in no other instance is there any indication that anyone discussed the suit or brought it to the attention of SAC Weatherford. It appears, however, that in an office of slightly more than 50 Agents such as Atlanta the SAC would have some knowledge that he is being sued, even though it was a relatively unimportant suit merely to obtain custody of a car, without there being any indication of mishandling.

Former ASAC Lehman (who has since been reduced to the status of an Agent and transferred to Chicago) stated he had knowledge of the suit, being advised of it initially by either Agent Coleman or Agent Stanley. Lehman did not discuss the matter with Weatherford. He gave instructions to Agent Stanley to check with USA concerning the suit against Weatherford. He does not recall what initiated this instruction. He admits failing to advise the Bureau as to his knowledge of the suit and failing to advise the SAC.

*Coleman, an N. A. graduate, was an Agent for two years and highly recommended by Weatherford when Coleman resigned. He is not attached to Shawnee, Oklahoma, P. D.

Re et al, TGP - Atlanta

b6
b7c

SAC Carson, who has been in charge of the Atlanta Office since 4/4/53, claims he never heard of the suit and knew absolutely nothing about it until the Bureau's inquiry in late June and request for an explanation.

Agent Stanley had full knowledge of the suit and consulted with the AUSA concerning it. However, he did not prepare any memoranda for the file inasmuch as he claims ASAC Lehman instructed him such action would not be necessary. Lehman made a longhand notation on a memorandum requesting investigation at Pitts, Georgia, wherein he advised Agent William S. Lee, who was to cover the lead, that the SAC was being sued in this matter. Lehman recalls correcting and adjusting an affidavit which was to be filed by Agent Stanley asserting that the car in question never had been in the official custody or possession of SAC Weatherford. Lehman felt that since the car never had been in the custody of SAC Weatherford it would not be necessary to advise the Bureau.

This case was assigned as follows:

<u>Agent</u>	<u>Assigned</u>	<u>Reassigned</u>	<u>Action</u>
Ernest G. Coleman (Resigned Nov., 1952)	9/29/52	12/2/52	Initially discussed case with SAC Weatherford, he claims. Weatherford denies this.
Robert W. Perkins	12/2/52	1/7/53	Perkins knows nothing of the suit and claims he never heard of it.
Robert Dillon Jones	1/7/53	2/13/53	Stated never reviewed file because he had more urgent matters to handle and did not know of suit.
Robert L. Ridgeway	2/13/53 to present		Knew of the suit by reviewing file in Atlanta Office & USA's file but states he was advised by Agent Stanley that since Stanley was handling the suit Ridgeway should refrain from any connection with it. Consequently, it was not discussed with SAC nor was Bureau notified by Ridgeway.

Supervision of Case

The case was supervised by Frank R. Southerland until 11-21-52 and again from 2-14-53 until the present. Southerland said he did not know of this suit until the Bureau inquired concerning it in late June, 1953. Inspector Williams asked Southerland how he could review files with Agents each 30 days as required and not know of the suit and Southerland stated he reviewed the assignment cards with the Agents rather than the files.

This case was supervised by SA Joseph T. Sylvester, Jr., from 11-21-52 until 2-14-53. Sylvester was interviewed by Mason 7-6-53 and he stated he had no knowledge whatsoever of the suit and that he reviewed assignment cards with Agents monthly rather than the files themselves.

SA George H. Treadwell was acting as the Relief. Supervisor when a copy of the letter to Assistant Attorney General Warren E. Burger, dated 5-25-53, from USA J. Ellis Mundy was received in the Atlanta Office. Treadwell noted that the case was assigned to Ridgeway and routed this copy of the letter to Ridgeway without taking any action or particular note of it. This letter advised Burger of the decision of the Federal Judge in favor of the Government in connection with the suit. Treadwell has no explanation to provide for failure to bring this matter to the attention of the SAC or advise the Bureau.

SA H. A. Donahoo, while assisting Inspector C. D. DeLoach on an inspection of the Atlanta Office 5-27-53, prepared a case write-up charging a substantive error in the handling of the Smith case, which error was fixed on SA Robert L. Ridgeway and Supervisor Frank R. Southerland. This write-up did not, however, take note of the suit against the SAC, the fact that there was no indication the SAC knew of the suit, and the fact that the Bureau had not been advised. Donahoo has no explanation to offer and he does not recall the file. Inspector DeLoach, who was in charge of the inspection, has no explanation to offer, and he did not personally see the file, although he was responsible as Inspector in Charge for all inspection findings.

Conclusions

1. SAC Weatherford of the Atlanta Office was a defendant in a suit as to the recovery of an automobile, which suit was initiated 10-13-52. He claims to have been unaware of this action.

Re [REDACTED] et al, TGP - Atlanta

b6
b7c

2. In at least this instance the file was not properly reviewed by Supervisors Sylvester and Southerland and by Relief Supervisor Treadwell. Agnet Stanley was handling matters relating to the suit but the case was not assigned to him. The file was not carefully reviewed by certain Agents to whom it was assigned. In the file reviews with Agents each 30 days this case was not properly reviewed by the Supervisors in conferences with Agents.

3. Former ASAC Lehman was erroneous in instructing that no memorandum need be written for the file concerning the suit. He exhibited improper judgment in not seeing to it that the Bureau was notified and that the SAC was notified. It can not be clearly resolved whether SAC Weatherford did have knowledge of the suit as claimed by former SA Ernest Coleman and as denied by Weatherford.

RECOMMENDATIONS

1. Kline Weatherford, SAC, Chicago - probation and censure because as SAC in Atlanta from 5-5-52 until 3-29-53 he should have had effective controls in his office assuring that he would be aware of matters of interest, including the fact that he was being sued; he shares responsibility for the inadequate reviewing of files with Agents monthly by Supervisors as indicated in this instance; instructions to Agents and Supervisors in this instance were inadequate as exhibited by the fact that the Bureau was not notified of the suit. 6. SA [] Atlanta - censure. The case was assigned to [] from 1/7/53 until 2/13/53. There was a memorandum in the file bearing a longhand notation by former ASAC Lehman that the SAC was being sued in this matter. It did not come to [] attention inasmuch as he admitted to Inspector Williams that he never had reviewed the file of this matter because of more urgent assignments. Inspector Williams confirms this. 7. SA Robert L. Ridgeway, Atlanta - no action. The case has been assigned to Ridgeway from 2/13/53 until the present. He was well aware of the suit from having reviewed the Atlanta file and the USA's file but inasmuch as Agent [] told him that [] was handling the suit aspects, and that Ridgeway should have no connection with that phase, it does not appear that Ridgeway should be held responsible for failure to notify the SAC or the Bureau in connection with the suit. As a Relief Supervisor Treadwell, without carefully reading, routed to SA Ridgeway, to whom the case was assigned, a copy of a letter dated 5/25/53 from USAMUNDY to Assistant Attorney General Burger advising that the suit had been adjudicated in favor of SAC Weatherford. Proper action by Relief Supervisor Treadwell would have been to digest the document and see to it that the SAC was notified and that the Bureau was notified, which he failed to do and has no excuse. 9. SA Frank R. Southerland, Supervisor, Atlanta -- censure and probation. Southerland had responsibility for the supervision of the case except between 11/21/52 and 2/14/53. Southerland claims he had no knowledge of the suit. If he had carefully reviewed the file he would have had knowledge of the suit and would then have been in a position to advise the SAC and the Bureau. He was not reviewing files with Agents monthly but was reviewing the assignment cards monthly. BRIEF ATTACHED.

The Administrative Division agrees:

Tolson's Notation: "I recommend censure only."

Director's Notation: "I Concur." H.

10. SA Joseph T. Sylvester, Jr., Supervisor, Investigative Division - censure. Sylvester had supervisory responsibility in the Atlanta Office over instant case from 11/21/52 until 2/14/53. He had no knowledge of the suit and explained that instead of reviewing files monthly with Agents he reviewed the assignment cards. were notified of the suit. BRIEF ATTACHED.

11. SA H. A. Donahoo, Birmingham -- censured.
On 5/27/53 Donahoo assisted Inspector DeLoach at the Atlanta Office and during the inspection did not detect in reviewing the file the fact that suit was in existence and that neither the SAC nor the Bureau had been notified. He has no explanation to offer. BRIEF ATTACHED.

12. Inspector C. D. DeLoach -- censure. Mr. DeLoach, as Inspector in charge of the Atlanta inspection, bears the responsibility for the failure by Agent Donahoo to detect the weakness in the file on this matter and the fact that the Bureau had not been notified of the suit. DeLoach has no explanation.

Administrative Division recommends:

TO : Mr. TOLSON

FROM : H. H. CLEGG

SUBJECT: NEW ORLEANS DIVISION

C. D. DeLoach

Inspector DeLOACH had a three hour stopover between trains in New Orleans, Sunday, July 19, 1953, while proceeding to Houston, Texas, from Louisville, Kentucky. This time was spent in looking over the New Orleans Office and discussing administrative matters with SAC Milnes.

The office looked to be in good physical shape. Desks had been freshly polished. Chairs and cabinets were neatly arranged. The Agent on duty was dressed appropriately and business-like in his approach.

Current delinquency is 13.9%. Security cases are 23.6% delinquent. This delinquency dropped 8.3% in May, 1953. The importance of reducing the delinquency in these cases was discussed.

Agents are averaging two hours and one minute per day voluntary overtime. The SAC, ASAC and one Supervisor have higher averages. SAC Milnes was told to watch this carefully, that it should be equitable at all times, and that no Agent should spend wasteful time in the office just for the purpose of putting in overtime. Time in the office averaged 18% for agents assigned to general criminal and applicant work. Milnes was instructed to reduce this percentage unless unusual problems arose which demanded more time in the office.

There has been an increase of two qualified Criminal Informants within the past month. Milnes indicated he had a strong program while SAC at Birmingham and that he intended accomplishing the same result in New Orleans. An increase in speeches was noted. Milnes has scheduled five for himself within the next three weeks. He has been averaging one speech each week.

The subject of police schools was discussed and Milnes indicated he was attempting to better coordinate such matters by having a large number of representatives at one meeting instead of having small scattered meetings in towns of very small population. The necessity of publicizing the

Bureau's good work in this regard was mentioned to Milnes.

Inasmuch as Mr. Milnes was SAC at Birmingham before reporting to New Orleans, DeLoach discussed all delinquencies found during the recent inspection at Birmingham in May, 1953. Milnes indicated he had taken the Bureau's letter to him regarding this inspection very seriously and that he intended to make certain that such delinquencies do not occur in his present office.

Milnes is young and aggressive. He appears to be interested in his work and evidently is trying hard in New Orleans. He answered questions without hesitation and was familiar with all phases of operations in the New Orleans Office.

MEMORANDUM FOR MR. TOLSON

Yesterday I saw Inspector Cartha D. DeLoach of the Training and Inspection Division. Mr. DeLoach stated that he had a personal problem which he wanted to advise me of, although he was not making any specific request at the present time. He stated that as an Inspector he had been on the road for extended periods of time. He stated that [REDACTED]

[REDACTED] practically does not know him because of his long absences from the city. He was hopeful that if there was any work to which he might be assigned that would keep him at one place for a while he might be considered for it. I inquired of Mr. DeLoach as to whether he wished to be considered for the position of SAC in one of our field offices because if he did I would endeavor to make the assignment upon the next vacancy. I pointed out to him, however, that this would necessitate his moving from Washington to whatever field office in which there might be a vacancy. Mr. DeLoach said he had bought a home in Washington and he would suffer a financial loss if he endeavored to sell it at the present time. I told him that, consequently, I assumed he did not wish for an assignment to the field as an SAC at the present time but we would, of course, keep in mind his problem and if there were any special assignments at Washington to which he might be detailed that would enable him to be in this area for some little while, we would give his case careful consideration. Mr. DeLoach's attitude was excellent and he was merely endeavoring to set forth a personal problem which is confronting him.

Very truly yours,

SUBJECT: PERSONNEL CHANGE

In connection with my conversation with you concerning a possible successor for Inspector Leo Laughlin if he were designated for the position of SAC of the Washington Field Office, I have given this matter considerable attention, bearing in mind that Inspector Laughlin occupies an important position at the Seat of Government and in this position he also alternates in the absence of Mr. Belmont. Furthermore, the position is one which has been allocated to Grade GS-16 and anyone considered for it unless they are already in Grade GS-16 would be moving up to a position of added responsibility and one involving a possible promotion. Accordingly I have reviewed all of the files of employees presently in Grade GS-15 and have come up with the following, who are listed according to their entrance on duty date in the Bureau as Special Agents, to be considered for Mr. Laughlin's position:

Victor P. Keay
Joseph A. Sizoo
Fred J. Baumgardner
Gerald C. Gearty
James Earl Milnes
George H. Scatterday
Cartha D. DeLoach

EOD 6-25-34
EOD 11-1-38
EOD 12-4-39
EOD 3-4-40
EOD 10-20-41
EOD 6-22-42
EOD 12-14-42

You will find attached permanent briefs of the files of the men listed, along with a copy of the permanent brief of SAC. J. C. Milnes.

Mr. Keay, of course, is oldest in point of seniority and is presently assigned to the Domestic Intelligence Division as Chief of the Liaison Section. Mr. Keay entered on duty in the Bureau as a Special Agent on June 25, 1934 and is presently in Grade GSpl5, \$10,800 per annum. He is 48 years of age, married and has one child. He has Associate of Arts and Bachelor of Laws Degrees and is a member of the Supreme Court. His office of preference is Washington, D. C. He has been Supervisor at the Seat of Government in the Domestic Intelligence Division since July 25, 1941. He is described as a mature, serious and sincere individual and as having a good personal appearance. It has also been reported that he has a considerable amount of administrative ability and as being very capable.

JPM: 39 SEP 22 1953

I personally do not think that Mr. Nease makes the personal appearance desirable for the position in mind and furthermore, he was censured as late as April 16, 1953 for a series of very embarrassing mistakes made by employees assigned to his section in connection with the transmittal of information from the files of the Bureau to the Federal Security Agency.

Mr. Sizoo is second on the list in order of seniority and he entered on duty in the Bureau as a Messenger on July 10, 1935 and was appointed to the position of Special Agent on November 1, 1938. Mr. Sizoo is presently in Grade 15, \$19,800 per annum. He is 42 years of age, married and has two children. He has Associate of Arts, Bachelor of Arts and Bachelor of Laws Degrees and is a member of the Supreme Court. Mr. Sizoo in addition to serving in a number of divisional offices and serving as ASAC at Memphis, served in what was formerly the National Defense Division, now the Domestic Intelligence Division, served in the Laboratory, has served on two occasions in the Training and Inspection Division, the last as Inspector in Charge of the Training Section, has served in Mr. Tolson's office and also in your office until his recent transfer back to the Training and Inspection Division as Inspector in Charge of the Training Section. Mr. Sizoo has an excellent record in the Bureau's service.

I feel Mr. Sizoo has a good personal appearance and has excellent personal qualifications. There is no question that he was had well-rounded experience in the Bureau and I think he is ideally suited for the replacement of Mr. Laughlin in the event he is designated SAC of the Washington Field Office.

In so far as Mr. Baumgardner, Mr. Gearty, SAC Miles, Mr. Scatterday and Mr. DeLoach are concerned, I feel they have the qualifications for the position in question. However, I feel Mr. Sizoo is better qualified and for that reason I am recommending that he be designated as Inspector in Charge of the Internal Security-Liaison Branch of the Domestic Intelligence Division in the event Mr. Laughlin is designated SAC of the Washington Field Office.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

RE: CARTHA DEKLE DeLOACH
INSPECTOR
GRADE GS-15, \$10,800
INSPECTION & PLANNING SECTION
TRAINING & INSPECTION DIVISION
SPECIAL PERFORMANCE RATING

During the entire rating period Mr. DeLoach has served as a Field Inspector and his services have been entirely satisfactory. He was afforded a physical examination on April 20, 1953, and was found to be in satisfactory physical condition. He had no disqualifying defects.

During the rating period Mr. DeLoach has served as Inspector in charge of various inspections of field divisions and he has inspected several of the larger field divisions. He also conducted an inspection of the Records and Communications Division. He assisted in the training of a new Inspector. He conducted several inquiries involving rather delicate investigations and handled each with dispatch, effectiveness and efficiency.

Mr. DeLoach was commended by the Director for his expeditious handling of a personnel matter involving an employee of the Chicago Office in April 1953. Mr. DeLoach was censured in May 1953, for deficiencies in the presentation of his findings and for not completely resolving all questions relative to an inquiry made by Mr. DeLoach as to allegations against an Agent of the Atlanta Office by an attorney. It was necessary to call the attention of Mr. DeLoach on June 8, to the fact that he delayed too long in submitting a write-up as to the meritorious work of Mr. Joseph P. McMahon of the Chicago Division who assisted Mr. DeLoach as an Aide during an inspection of the Detroit Office. By letter of July 9, 1953, it was brought to the attention of Mr. DeLoach that he had made an error in the inspection of the Birmingham Office for he had charged the office with failure to indicate the identity of the interested military agency in connection with those industrial facilities deemed vital by the Special Agent in Charge. Inasmuch as the Special Agent in Charge was required to personally designate those facilities which he deemed vital there was, of course, no interested military agency and Mr. DeLoach's presentation was improper.

By letter of July 29, 1953, the Director expressed his appreciation to Mr. DeLoach for making a quick check of matters in the New Orleans Office during a three-hour period on Sunday while changing trains in New Orleans.

Re: Cartha Dekle DeLoach

Inasmuch as this Performance Rating is submitted because of Mr. DeLoach's transfer to a position in the office of the Associate Director, it is desired for record purposes to record generally in synopsis form the services of Mr. DeLoach during the two years that he was assigned to the Training and Inspection Division as well as during the current rating period.

When Mr. DeLoach initially reported to this Division on October 14, 1951, to commence inspection assignments he had had no field experience since July 14, 1947. Widespread field experience is, of course, an essential and fundamental need for any Inspector who will conduct field inspections. Nevertheless, Mr. DeLoach very rapidly and with vigor assumed his responsibilities and embarked upon a period of reorientation as to field techniques and operations, many of which had never previously come to his personal attention. He discharged his assignments with intelligence, good judgment and vigor. His entire service in this Division was marked by enthusiasm which is one of his prime characteristics, by initiative, resourcefulness and a constant desire to succeed in any task given him. Mr. DeLoach made some mistakes and committed certain errors of judgment, as indicated in this Performance Rating and in past Performance Ratings. However, they were relatively minor in that they did not seriously jeopardize his very favorable performance. In all respects Mr. DeLoach discharged his duties in this Division and during the rating period in a most capable fashion, marked by finesse, a clear-cut sense of duty and obligation to the Bureau, diligence and desire to handle completely every situation which confronted him. Many favorable comments have been received concerning the progress of Mr. DeLoach as a Field Inspector and concerning his thorough, hard but fair, constructive approach in finding the weak spots in the organization and seeking to apply corrective measures.

Mr. DeLoach makes an above average personal appearance, has an excellent personality and in all respects fulfills each of those points expected by the public of an FBI representative. One of his last assignments in this Division was completed two days prior to transfer and involved handling a very delicate situation concerning police relations in the State of Georgia. It was possible for Mr. DeLoach to avert previously planned action by certain local officers to criticize the FBI publicly and, as a result of Mr. DeLoach's personal contact with officers and through his supervision of the Special Agents in Charge of the Atlanta and Savannah Offices, Mr. DeLoach was able to turn what appeared to be a most unfavorable situation into a very happy and bright ending which resulted in commendation of the Bureau for its work.

Re: Cartha Dekle DeLoach

Mr. DeLoach is available for both General and Special Assignment, although he prefers duty in Washington, D. C. He is equipped mentally, physically and through experience to handle personally matters of great delicacy involving the Bureau's relations within or without the organization. He is competent, capable, conscientious and as an Inspector has contributed greatly to the success of the Inspection Program during his service in this Division.)

RATING: SATISFACTORY.

Dear Mr. DeLoach:

I feel you represented the Bureau most creditably at the recent convention of the Georgia Peace Officers Association, and I want to express my sincere appreciation at this time.

It is evident you are aware of the importance of full cooperation between the Bureau and state and local law enforcement agencies, and you discharged your responsibilities admirably in further promoting friendly relations with these groups and also in explaining the Bureau's position in regard to certain investigative matters under its jurisdiction. You are to be commended for your excellent handling of this situation.

SUBJECT: PROPOSED CIVIL RIGHTS RESOLUTION
PEACE OFFICERS ASSOCIATION OF GEORGIASYNOPSIS:

Chief Troy L. McClung, La Grange, Ga. (member of Resolutions Committee, Georgia Peace Officers) advised SAC Carson on 10-2-53 that plans formulated for resolution to be presented to Georgia Peace Officers Association 10-13-14-53 in Savannah, Ga., which would be critical of FBI and Attorney General because of civil rights investigations. McClung later advised that R. E. Warren, Director of Ga. State Board of Correction (hostile to FBI for long time) has approached Lt. Col. E. S. Burke, President, GPOA and second in command GA. State Highway Patrol, relative to this resolution being passed. Burke indicated he would go along "if enough of his group desired the resolution." Warren suggested that the civil rights investigation of Sheriff Jewell Futch, Valdosta, Ga. (Chairman, Resolutions Committee, GPOA) be used as an example of FBI investigating law enforcement officers. Burke reportedly contacted Futch and Futch agreed that he would present this resolution to his committee.

SACs Carson, and Schlenker of Savannah were instructed by letter dated 10-5-53 to constantly keep Bureau advised as to developments. Permission was given for Carson to interview Burke so as to tie down the extent and reasons for his hostility. The Director approve recommendation that Inspector DeLoach be at this meeting in view of Savannah being DeLoach's home and due to his many contacts in the law enforcement field in the State of Georgia. DeLoach was instructed to take the floor at the meeting of GPOA and present Bureau's position with respect to civil rights matters in the event mentioned resolution was brought up.

SAC Carson interviewed Burke 10-8-53. Burke denied that he had ever heard of the resolution.

SAC Carson contacted Resolution 676 committee members, Chief of Police Morton Burnette, Albany, GA.; Chief of Police R. T. Humphrey, Bainbridge, Ga., and Capt. W. B. Harbin, Ga. State Highway Patrol, Canton, Ga., prior to the meeting of 10-13-14-53. The first two mentioned officials were friendly to the Bureau and opposed the resolution. Harbin was friendly but not totally possibly because of Burke being his superior on the State Highway Patrol. SAC Schlenker and ASAC N. B. Wright of Savannah contacted

Committee members Warden L. C. Burns and Chatan County Sheriff. William Harris, Savannah, prior to Association meeting. They were friendly and opposed to resolution.

DeLoach, upon arriving in Savannah, contacted Committee member Chief Edgar Har, Statesboro, Ga.; Commissioner of Police J. B. Howell, Valdosta, Ga. (whom Burke depends upon for some financial assistance), then re-interviewed all members of the Resolutions Committee. Sheriff Stoddard Deal, Bulloch County, Ga., a family friend, volunteered to speak defending Bureau's position. Sanford Butler, Commissioner of Police, Savannah, was approached; he was solidly against the resolution.

SAC Carson and DeLoach talked with Ga. Lt. Gov. Marvin Griffin briefly on 10-13-53, following his address before GPOA. Griffin brought up the subject of civil rights. Bureau's position was explained to him. He agreed wholeheartedly; he stated, however, he intended working hard for purpose of having civil rights law of 1866 repealed. He indicated that Governor Talmadge was great admirer of FBI, however, disliked Attorney General Brownell. Lt. Gov. Griffin stated his views regarding FBI's position should also be views of administrative heads of State Government in Georgia and that he intended "passing the word." (Griffin is being prominently mentioned as next Governor of Georgia.) DeLoach talked with Lt. Col. Burke 10-13-53. Burke admitted he "had heard rumors" of resolution critical to FBI but that members of Resolutions Committee, also Lt. Gov. Griffin, Governor Talmadge and prominent members of law enforcement were so solidly against any criticism of FBI, that resolution would not stand a chance of being passed by Association. Burke was advised he had been placed on notice by SAC Carson relative to true facts surrounding FBI's position in civil rights matters, however, if necessary, DeLoach would take floor during Association meeting and explain to all law enforcement officers present not only facts surrounding FBI's position but also statistics regarding civil rights cases in Ga. Burke was advised that undoubtedly such a stand would cause some dissension in GPOA ranks in view of many friends of FBI who planned to attend Association meeting. Burke indicated he didn't feel that it would be necessary to take the floor, that he wanted no dissension in Association meeting, that he had heard some rumors as to possibilities of his not being re-elected and that he wanted meeting to go as peacefully as possible.

Shortly following interview with Burke, Warden L. C. Burns confided to DeLoach and SAC Carson that Burke had immediately called emergency meeting of Resolutions Committee and

At 11:50 a.m., 10-14-53, Sheriff Futch presented following resolution before Association, "Whereas, the Peace Officers Association of Georgia takes this opportunity to commend the FBI and its personnel for splendid cooperation and assistance throughout the past year, signed Sheriff Jewell Futch, Chairman, Resolutions Committee." Chief McClung took the floor immediately and moved the resolution be adopted. Capt. Leonard Hallman, Savannah PD, immediately seconded the motion. "Our other law enforcement officers were observed standing on their feet waiting to be recognized by the chair so as to second motion. There was no discussion. Resolution was passed unanimously. Sheriff William Harris of Chatam County, Ga., jumped on the rostrum, spoke to President Burke and took over loud speaker announcing that three officials of organization which had just been commended were in audience and he desired to present them to Association. He then introduced DeLoach, stating that DeLoach had been visiting his elderly mother in G. and had heard of meeting and had desired to attend so as to have opportunity of visiting with his many friends. Association was thanked for its commendatory resolution and necessity of good coordination of law enforcement was stressed in brief three-minute talk. SACS Schlenker and Carson were then introduced to Association.

Capt. Leonard Hallman, Savannah PD, saw to it that resolution commending FBI was immediately passed on to Savannah Evening Press representative Jack McQuade. Evening Press carried lengthy article one hour later reflecting commendation of FBI.

Governor Herman Talmage, State of Georgia, addressed Association at 2:30 p.m. Talmage expressed his admiration for Director and FBI; however, he was critical of Attorney General. He is quoted as stating as follows:

"Herbert Brownell is making a mistake enforcing a decadent civil rights law of 1866. This is a damnable law covering the matter of Federal representatives investigating penal and mental institutions and the manner in which local laws are enforced. I want to make it perfectly clear at this point that I have no criticism whatsoever of the FBI and its personnel. I am a great admirer of J. Edgar Hoover and I want to tell you he is doing an outstanding job in the performance of his duties. As governor of the State of Georgia I am in frequent contact with FBI Agents and I know them to be outstanding law enforcement officers in very sense of the word."

In view of Governor Talmadge's commendatory remarks of FBI, no attempt was made to make any statements relative to civil rights to him.

Approximately 15 officers, who are warm friends of FBI either volunteered themselves or were lined up to speak from floor in defense of FBI's position in event critical resolution was passed. This number included Capt. Leonard Hallman, NA, Savannah PD; Chief of Police Ward Berkison, Valdosta, GA.; Sheriff Stoddard Deal, Bulloch County SO; Chief Troy E. McClung, a Grange, Ga. PD; Sheriff William Harris, Chatham County SO; Chief Sanford Butler, Savannah PD; Capt. I. Glyn Cowan, NA, Atlanta, Ga. PD; Warden L. C. Burns, Savannah; Ga. Department of Corrections, and others. The loyalty of National Academy Graduates to FBI was apparent at this time in view of several of them approaching DeLoach and wanting to know if there was anything they could do to assist FBI during convention.

Future Picture of Law Enforcement Relations in Georgia

We gained ground during Association meeting. Situation with Burke, Futch and Warren will continue to be tense; however, recognizing multitude of friends FBI has, no open attempt will be made by these factions to destroy FBI-State law enforcement relations for some time in future. Governor Talmadge will be in office until January 1955. He will probably be succeeded by Lt. Gov. Marvin Griffin, who is most favorable at this time. Griffin has no love for Burke and will more than likely replace him as second in command of Ga. State Highway Patrol. Burke, therefore, stands good chance of losing considerable popularity. There appears to be no reason why relations with all law enforcement organizations in Ga., other than factions mentioned above, cannot be carried on even stronger than before.

4. No action as to SACs Carson or Shlenker. Inspection reports pending on both Savannah and Atlanta offices. No commendation believed warranted inasmuch as both SACs were carrying out regularly prescribed duties during Peace Officers meeting. During the recent inspection, SAC Carson was specifically requested in writing to make any evidence of hostility in his division known and he replied in writing that none existed. Actually, there has been hostility on the part of the Georgia Bureau of Corrections for several years. Lieutenant Colonel E. S. Burke, Second in Command of the Highway Patrol is noted within the Atlanta territory. Mr. Nichols feels that, however, Mr. Carson and Mr. Shlenker did a good job and a little encouragement goes a long way and Mr. Nichols recommends appropriate letters to Carson and Shlenker, however, I disagree.

A vacancy has been created in Mr. Nichols' Office by the transfer of Mr. Crosby to San Juan as SAC. Inspector Cartha D. DeLoach of your office is being recommended to fill this vacancy.

A permanent brief of Mr. DeLoach's file is attached. This reflects he entered on duty as a Student Fingerprint Classifier on August 31, 1942 and was appointed to the position of Special Agent on December 14, 1942. He is presently in Grade GS-15, \$10,800 per annum. He is 33 years of age, married and has three children. He has a Bachelor of Arts Degree and attended law school for two years. His office of preference is Washington, D. C. Prior to that he served as a Supervisor in the Security Division from July 14, 1947 and did an outstanding job in connection with his liaison duties, particularly with CIA.

Mr. DeLoach has performed his duties in your office in an excellent manner and is possessed of a great deal of enthusiasm, interest and loyalty to the Director and to the Bureau. More recently he has taken over the handling of the job of Mr. Trotter which consists of reviewing mail from the investigative divisions and has shown an excellent aptitude in handling this work. Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

+ (9) Planning ability and its application to the work.
+ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.

CARTHA D. DeLOACH

This is an annual efficiency report on Mr. DeLoach, who was transferred to Mr. Nichols' Office on March 15, 1954. Prior to his assignment to Mr. Tolson's Office on October 19, 1953, he served as a full field Inspector in the Training and Inspection Division where his ratings were excellent.

During the time Mr. DeLoach was assigned to this office, he handled all of the various duties in this office in an above average manner. He showed an excellent aptitude for handling all of the various problems that came up in connection with his work, was enthusiastic, energetic and industrious.

Based on the work performed in this office, as well as his previous work in the Training and Inspection Division, Mr. DeLoach is entitled to a rating of excellent both as a transfer efficiency rating as well as an annual rating.

Mr. DeLoach has considerable ability along executive and administrative lines. He is extremely loyal to the Director and the Bureau and I think he has excellent potentialities for further advancing in the Bureau's service.

Thank you very much for your thoughtful note of September 14, 1954. It was most kind of you to write me concerning your visit to FBI Headquarters, and I deeply appreciate your generous comments.

We certainly enjoyed having you with us, and I am glad that you and your sons found your tour of interest. I know that Inspector C. D. DeLoach and Mr. George Berberian would want to join me in this expression of appreciation.

Dear Mr. Hoover:

This is a rather tardy "thank you," but this time I really just enjoyed vacation, even to the detriment of courtesy and appreciation.

At the start of our trip, we spent some time in Washington, and your office was extremely courteous in granting my request to let my two younger boys "shoot" your targets on a trip through your headquarters. Inspector DeLoach, and Mr. George Berberian, certainly took very good care of us, and I figure the least I can do is let you know how well your staff operates.

C. D. DeLoach

Again, thank you and your staff for the excellent treatment. We enjoyed it all to the limit.

Office Memorandum UNITED STATES GOVERNMENT

TO : Mr. Tolson

DATE: May 14, 1954

FROM : L. B. Nichols

SUBJECT : AMERICAN LEGION LIAISON

[C D DeLoach]

At the time Mr. Pennington retired, we considered Supervisor D. G. Hanning, assigned to Crime Records. Hanning has an excellent war record and is one of the few survivors of the Bataan Death March. Mr. Hanning is the studious type and can do a very good job under certain circumstances. I thin, however, that we should consider two people, both of whom could take an active part in the Legion and prevent it from becoming a burden on any one.

64 44544 12

I therefore suggest that Mr. DeLoach, from my office, be designated as the American Legion contact and Mr. Hanning to be associated with him. DeLoach was appointed an Ensign in the Navy in August, 1942; however, he resigned that same month to accept appointment as a Special Agent. In August, 1944, due to a change in Bureau policy, it was not possible to request a deferment for him since he was single and under twenty-five years of age. Mr. DeLoach joined the Navy that same month and was assigned to the Great Lakes Naval Training Center for recruitment training. In December, 1944, he was Recruitment Instructor at the Great Lakes Naval Training Center. In February, 1945, he was assigned to Physical Education School at Bainbridge, Maryland, and in April 1945, was reassigned to the Naval Air Corps, Ardmore, Oklahoma, as Instructor for boxing, wrestling and other forms of athletics. At the end of the war, DeLoach was Assistant Welfare Officer handling physical training and was honorably discharged on March 13, 1946. He returned to the Bureau on April 1, 1946. He is a member of the FBI American Legion Post and has had some experience in Legion activities in Ohio. DeLoach handles himself well and is aggressive, and I think he is well suited for an assignment such as this.

I agree

My dear Director Hoover:

I am very deeply appreciative for the fine, cordial reception and courtesies shown myself and party, by your able assistant, Inspector De Loach, when we visited your Department on date of August 26th, 1954. We would not forget our excellent guide, Mr. Norman Bedard, who with his courteous consideration contributed much to the great pleasure and interest that held us spell-bound on this tour through the Federal Bureau of Investigation.

I sincerely hope that it is my good pleasure to be able to make a return visit to Washington and your Department, in the not too far distant future, and that I may have the honor of meeting you in person--the man who built the great Federal Bureau of Investigation to the highest world respect and renown.

With admiration and hearty good wishes,

I have reviewed the tour situation, particularly with reference to inviting convention delegates and I have gone over with Messrs. DeLoach and McGuire the memorandum of September 8, 1954, which the Director mentioned to me last Monday. Certainly Mr. DeLoach was not too selective in his use of language. After talking to him, I am certain that he did not intend to convey the impression which was conveyed. He fully recognizes the necessity of the use of proper phraseology. It is my personal opinion that his phraseology was thoughtless and does not in any way reflect his real attitude, which I consider excellent.

FBI TOURS
CONTACT WITH ORGANIZATIONS HOLDING
CONVENTIONS IN WASHINGTON, D. C.

The Director has inquired, "Just what is being done regarding contacting organizations holding conventions in D. C. to take FBI tours? The current convention of pathologists were not contacted yet on several occasions I have suggested we make contact with groups coming to Washington for meetings."

In 1948, I instructed Special Agent B. M. Suttler to contact the Washington Board of Trade so that we could be constantly advised regarding conventions in Washington. Suttler contacted Clarence A. Arata, Executive Director of the Greater National Capital Committee of the Washington Board of Trade. He informed him that we desired information regarding forthcoming conventions and of the possibilities of visitors to these conventions being shown the facilities of the FBI while in Washington. Mr. Arata at that time put our name on the mailing list to receive notices of forthcoming conventions. Since that time, we have received twice each year, in June and November, a brochure entitled, "Capital Conventions." This brochure contains all conventions scheduled throughout the year and usually lists conventions up until the year 1960.

Immediately upon receipt of the brochure at the Bureau, my office marks those conventions in which we would be interested. The brochure is then sent to me for consideration and I either approve or disapprove of the convention committees to be contacted. Typical examples are the recent Coca Cola and American Legion conventions. Suttler contacted the Coca Cola people and advised them of our available facilities. I personally contacted the convention committee relative to FBI tours during the American Legion convention and, additionally, I had DeLoach appear before the Americanism Committee of the Legion to give a short talk relative to the possibility of Legionnaires and their families taking tours.

We did not contact the International Society of Clinical Pathologists, whose convention is being held in Washington between September 6 and 11, 1954, and whose expected attendance is a total of 1,500, principally because we have found through experience that we are wasting our time in issuing invitations to professional groups who as a rule are so busy during their conventions they do not find time to do any sightseeing. We have had numerous examples of various convention committees making arrangements for a large number of delegates to take tours.

of the Bureau at a scheduled time; however, these plans would usually result in only a fraction of the delegates dropping by the Bureau. A typical example is the group of pathologists who originally indicated that ten doctors would come to the Bureau, when actually only two doctors showed up.

We have additionally found through experience that many convention delegates feel it is their duty to become quite disorderly while being in Washington. These, of course, are not the type of people we desire to take tours of the FBI.

This certainly doesn't pertain to professional groups. Hoover

Although we had fair attendance from the American Legion representation, at the same time we extended cordial invitations to the convention committee, to the Legionnaires in their bulletins and to all Legion groups; however, attendance at tours was certainly not as much as expected. Many thousands of Legionnaires came for the first two days of the convention only and then following the parade, proceeded to leave town.

I do not feel we are suffering from a public relations standpoint from a failure to contact convention committees relative to our tours. If you desire, we will, of course, issue blanket invitations to all groups; however, we have avoided this in the past because during the Easter Season and months of May, June and July, we are usually so crowded with visitors that it is impossible to take on any more. It is therefore recommended that we continue following the policy of being selective in all contacts with convention committees.

ACTION:

For information

We certainly should have contacted this particular group.

No one has suggested that we issue any "blanket investigations". All I have asked is to have intelligent selective invitations issued. If Nichols office cant or want do this then transfer the project to Harbo's office.

Dear Mr. DeLoach:

It has come to the attention of the Bureau that you reviewed and approved for transmittal a letter dated October 1, 1954, to Mr. Francis S. Corral, Des Moines, Iowa, acknowledging receipt of certain material Mr. Corral had furnished the Bureau with his letter of September 24, 1954. You have advised that in your review of this communication you missed the complete significance of Mr. Corral's letter of September 24, 1954, and that the reply to him was obviously in error.

It is fundamental that the Bureau always welcomes data furnished to it by citizens and acknowledgments of communications with which information is furnished the Bureau should be completely responsive. Accordingly, you will be expected to exercise more caution in your future review of such incoming communications in order that there will be no repetition of such negligence on your part.

Dear Mr. Hoover:

While serving with the United States Marine Corps on Special Foreign Duty at the American Embassy in London, I came in contact with the members of the Legal Attache's Office on several occasions. During a period of two years we became very well acquainted and it was in that office that I received a vast amount of advise about personal problems and help with some studying I was undertaking.

Before leaving London for Washington, Mr. Cimperman suggested that I visit the Federal Bureau of Investigation. He also suggested that I go to Mr. Nichols's Office as he would forward my name so a tour could be arranged. On the 20th of September last, I called at Mr. Nichols Office and was there introduced to a Inspector DeLoch. Mr. De Loch arranged for Mr. Robert Flanagan to conduct me on what turned out to be a fascinating experience. Later that same day, Mr. Robert Watkins conducted me on a tour of the Identification Bureau. Mr. Flanagan's and Mr. Watkin's conduct and courtesy during these tours was of the highest caliber and I am sure to the best reflection of the Federal Bureau of Investigation.

Due to the fact that my position in life, at the present time, is comparatively zero to anyone of the above mentioned gentlemen, it would be greatly appreciated by me, if you would relay or someone from your office would relay my sincere and grateful thanks to the members of the Legal Attache's Office in London, especially Mr. Cimperman and Mr. O'Brien, and to all of the above mentioned individuals.

I wish to thank you for all past and present cooperation received and any action you deem appropriate on the above mentioned request. I remain,

Sincerely yours,

SUBJECT:

In connection with the improper letter which was sent to Mr. Francis S. Corral, which is the subject of the attached memo, you recommended letters of censure to Supervisors Kemper, Wonnell and DeLoach. The Director concurred.

I would like to suggest that reconsideration be given to sending a censure to Wonnell. I do not think it is warranted by the facts, namely, he raised the question in the first instance and would have handled the letter properly, however, Kemper had another idea and Wonnell handled the letter in line with instructions received from Kemper. Therefore, I do not feel a censure would be justified for Wonnell. I frankly think oral censure would suffice for Kemper and DeLoach.

While attending the Executive Meeting of the American Legion in Indianapolis, Indiana on October 5 and 6, 1954, DeLoach had an opportunity to briefly look in on the administrative activities of the Indianapolis Office.

IC DX DELOACH

The field office delinquency from April through September, 1954 has ranged from a low of 15.6% to a high of 21.6%. The current delinquency is 17.4%. Cases closed have ranged during the same period from a high of 951 cases per month to a low 805 cases per month. Cases assigned to agents during this period have ranged from an average high of 22.8% to a low of 19.4%. Cases closed per agent have averaged approximately 12 cases per man per month during this six months. Indianapolis currently has 1459 cases pending. Agent personnel has been reduced from a total of 86 to the current number of 77 agents.

In view of the above statistics and in connection with facts learned during a brief talk with SAC Blaylock, there is definitely no need of additional agent personnel in Indianapolis at this time. The clerk-agent ratio is approximately 50%.

The voluntary overtime for the Indianapolis Office during the months of June, July, and August, 1954 averaged 1 hour 36 minutes, 1 hour 39 minutes, and 1 hour 38 minutes respectively. SAC Blaylock exceeded the office average during these three months. There appeared to be no shirking of responsibility in this regard. ASAC Bachman has been in Indianapolis approximately one month; accordingly, Blaylock had not yet had time to fully evaluate Bachman's services as ASAC.

The physical condition of the office appeared to be as well as could be expected of any office located within a relatively old Federal building. The furniture was arranged neatly and appeared to be in good order. The SAC's Office was next door to the Reception Room and easily accessible to personnel and to the general public. An opportunity was had to converse briefly with three agents in the Indianapolis Office. It was quite evident that morale was

Memo to Mr. Nichols

October 8, 1954

Special Agent Harold E. Wonnell has furnished written explanation, which is attached. In his explanation, he stated that he originally prepared reply to Corral acknowledging his letter and advising him that Bureau appreciated his interest and thanking him for bringing the material to our attention. Wonnell states that letter was rewritten by him on instructions of Special Agent Kemper to effect that since subject matter of Corral's letter and enclosures was exceedingly controversial, Bureau should not put itself in a position whereby Corral could infer that Bureau appreciated receiving anti-Catholic material or that we would investigate the matter.

Special Agent Kemper is presently on annual leave and will submit a written explanation on Monday, October 11, 1954. He has telephonically advised, however, that he approved letter as sent to Corral because subject matter was controversial, because he did not feel we should intimate that we would investigate the matter, and because he felt reply would forestall any possible future inquiry by Corral with regard to it.

It is to be noted that although Corral criticizes the Bureau letter to him of October 1, 1954, in his letter of October 4, 1954, he does not do so maliciously and indicates that he has the highest regard for the FBI and the Director and will not let an incident like this prejudice his opinion of the Bureau. It is felt that a reply should be sent to Corral thanking him for his observations and assuring him that the Bureau always welcomes data furnished to it by citizens.

Mem to Mr. Nichols

October 8, 1954.

DETAILS:

By letter of October 4, 1954, Francis S. Corral, Des Moines, Iowa, objected to Bureau letter to him of October 1, 1954, which was sent in reply to his letter of September 24, 1954. His objections were based on the grounds that the letter was not responsive and that it made for "bad public relations." He stated that he furnished information to the Bureau in his letter of September 24, 1954, and a simple acknowledgment of it would have sufficed. He further stated that reply to him of October 1, 1954, was erroneous in pointing out to him the confidential nature of data in Bufiles since he had not requested information from the Bureau.

There is nothing derogatory in Bufiles concerning Corral and the files indicated that on May 30, 1952, he wrote to the Bureau furnishing his views on the so-called "party raids" at Cornell University. This letter was acknowledged by the Bureau on June 6, 1952.

Corral's letter of September 24, 1954, enclosed material which he had received from Brigadier General Herbert O. Holdridge, U. S. Army (Retired) of Sherman Oaks, California. It was violently anti-Catholic in nature. After discussing the material which he enclosed, Corral concluded his letter by stating, "I hope this information helps you in investigating this movement."

Bureau reply to Corral of October 1, 1954, acknowledged receipt of his letter and enclosures in first paragraph and then advised him, for his information, of the confidential nature of data in the Bureau's files and stated that this was being handled so that he would not infer that the Bureau had or did not any information concerning matter.

Bureau reply of October 1, 1954, was prepared by Special Agent Harold J. Jones of New York Division and was initialed for approval of the Division by Special Agent in Charge.

On September 27, 1954, the captioned letter was assigned to the writer for reply. The correspondent enclosed scurrilous anti-Catholic material he had received from Herbert C. Holdridge, Brigadier General, U.S.A. (Retired).

The writer dictated a letter of acknowledgment indicating that the Bureau appreciates his interest and thanking him for bringing the enclosures to our attention. Supervisor SA Edward C. Kemper upon reading this letter advised that since the FBI is strictly a fact-finding agency and since the subject of the correspondent's letter and enclosures was exceedingly controversial, we should not put ourselves in any position whereby the correspondent could infer that we appreciate receiving anti-Catholic material or that we would investigate the matter.

The letter was rewritten by the writer to acknowledge receipt of the correspondent's letter and enclosures. In order that the correspondent would not be in a position to make an inference that the Bureau had taken a side and that the Bureau would be on record as not taking sides on such a controversial question, the facts that the Bureau is strictly a fact-finding agency and that information in the files of the FBI is confidential were pointed out.

Dear Mrs. Ort:

Your most thoughtful letter of October 4, 1954, with enclosure, has been received, and Mr. Cartha D. DeLoach and Mr. Nick F. Stames join me in expressing thanks for your kind comments. We are very happy that you and your family enjoyed your recent visit to FBI Headquarters.

With reference to your inquiry as to my family, I wish to advise that I have one sister and had one brother who is deceased.

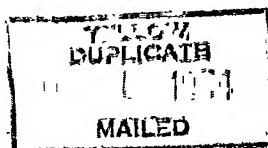

Although we certainly appreciate your generous offer to send Mr. DeLoach and me a few hand tied fishing flies which Gene Paul guarantees to catch the big ones, the extremely heavy pressure of our official duties limits the fishing which we are able to enjoy.

NOTE: Correspondent and her family were afforded a tour of FBI Headquarters on August 17, 1954, by tour leader Nick F. Stames who EOD July 7, 1952, GS-4, assigned Identification Division. Bufiles reflect cordial and friendly correspondence with both Mrs. Ort and Gene Paul. She has communicated with the Bureau since 1944. In the spring, 1950, she wrote the Director concerning her two-year-old daughter, Dianne, who was stricken with tuberculosis. She asked the Director to pray for the child's recovery. The child subsequently died in 1950. Bulet of July 20, 1954, in reply to her letter of July 13, 1954, advised Mrs. Ort that the Director was happy to learn that she and her family would be in Washington in August for a tour of FBI Headquarters. Director indicated that he would be unable to make a definite appointment; however, if he was in his office at the time of their call, he would be happy to see them. She had telephonically contacted the Bureau and had talked with Inspector DeLoach regarding the visit. The Director's absence from the city was explained to Mrs. Ort when she arrived and she expressed her appreciation for the courtesies to her and her family during the tour.

Biographical data concerning the Director's brother and sister obtained from biographical file of the Director maintained in the Bureau Library.

Dear Mr. Hoover:

Sorry to have waited so long to send this letter to thank you for a wonderful tour of the F.B.I Headquarters, Gene Paul will never forget it, he got a chance to shoot the Thompson sub-machine gun. the target he used has become one of his prized possessions.

We were so dissapointed not getting to see you I realize how very busy you are so maybe next year we will get together God willing.

Enclosed find snap shot of Gene Paul & myself sorry we couldn't get the Dad. on picture but he had to take picture, notice how much taller Gene Paul is on this picture.

You are very fortunate to be surrounded by such a wonderful group of people, Inspector Dr. Leasche is one of the most considerate men I have met, also Nick Staynes who conducted us through the Bldg. We also send our best to the Agent who was in charge of the shooting range. Its just wonderful that people like you take time with plain folks like us, thanks again. Do you have a chance to go fishing? if so let me know and I will send you some of Gene Paul's hand tied fishing flies guaranteed to catch the big ones; this offer goes for Mr. Dr Leasche too.

Here's something I've been wanting to ask you for the past couple year's, do you have any brother's or sisters?

Please write soon.

Mr. DeLoach has been assigned to my office since March 15, 1954. He has the primary responsibility of supervising the Statistical Section. He handles various Congressional contacts, telephone calls, reviews mail, and handles a multitude of matters which I have previously handled personally and would handle if there were sufficient time. His assignment in the Records and Communications Division was a new experience for Mr. DeLoach and he has quickly grasped various details and responsibilities. His well-rounded experience in the Field as a Supervisor and at the Seat of Government and as an Inspector in the Training and Inspection Division gives him an excellent background. Mr. DeLoach is thoroughly loyal, conscientious and industrious. He has an excellent personality and in my opinion has excellent prospects for future advancement in the Bureau. I consider his services entirely satisfactory.

Inspector Brown: Mr. DeLoach is aggressive, decisive, and energetic. He has definite ideas and has no hesitancy in expressing himself. Given an assignment, he goes directly toward his objective. I consider him qualified for his present position, and capable of further advancement.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

- + (1) Personal appearance.
+ (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
+ (4) Physical fitness (including health, energy, stamina).
+ (5) Resourcefulness and ingenuity.
+ (6) Forcefulness and aggressiveness as required.
+ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
+ (9) Planning ability and its application to the work.
+ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.
+ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
+ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'knowhow' of application.
0 (14) Technical or mechanical skills.
0 (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
0 (16) Physical surveillance ability.

- + (17) Firearms ability.
+ (18) Development of informants and sources of information.
+ (19) Reporting ability:

0 (20) Performance as a witness.
+ (21) Executive ability:
 + (a) Leadership
 + (b) Ability to handle personnel

 + (d) Making decisions
 + (e) Assignment of work

CRIME STATISTICS

Reference is made to my memorandum of February 21, 1955, regarding the captioned matter. The Director inquired; "why isn't there proper indoctrination of employees when they take on new duties?"

In answer to this I must advise that the Director has put his finger squarely on the difficulty in this case. Our people took on the new job of auditing leave and the supervisor, [redacted] was instructed to properly indoctrinate them prior to starting. A follow-up was made to determine whether she had properly indoctrinated them. She assured that they had been. However, it later developed they had not been completely schooled in the new procedures.

Actually, we discovered that they had not been properly indoctrinated before the incident of overpaying [redacted] was brought to light. Appropriate steps were then taken to see that complete written instructions were furnished everyone. These instructions did not prove sufficient, as evidenced by the mistake. This error in supervision is regretted and will not be repeated.

DeLoach and Leonard fell down and did not check as they should have.

I want to commend certain of your employees, especially Inspector Deloach, Special Agent Medler and Mr. Harris for showing me the files.

While I was looking over the files, Inspector Deloach arranged with a Mr. Fitzpatrick for Mrs. Hogan and my ten year old son to be taken through the bureau. They enjoyed it very much and my son got a real kick out of Sam, the colored gentleman in Mr. Deloach's office.

Among those most helpful were Mr. Quinn Tamm, Mr. Robert De Loache and their staffs....and an especially hard-working Special Agent, Mr. George Peet.

I hope that the jointly-produced piece will bring credit to your organization and, simultaneously, educate the millions of readers in the work of the Identification Division...and will further the work of the Federal Bureau of Investigation.

SUBJECT: ARTHUR SYLVESTER
Washington correspondent,
Newark Evening News,
Newark, New Jersey

H. G. Foster

Curran
M. N. D. P. G.

Reference is made to my telephonic conversation with you on the morning of 4/27/55, concerning the article, "Secret Witness Problem in Loyalty Program Test," by Arthur Sylvester. I mentioned to you that Mr. Holloman had brought the article to me this morning and had indicated it had been received in the routine mail in the Director's office at 6:41 p.m., 4/26/55. I pointed out to you that I had a telephone call-in for SAC Foster at Newark, since it was difficult for me to understand why such a vicious article had not been immediately brought to the Bureau's attention.

After talking with you, I discussed this matter with Foster, who stated that the article in question had been clipped by the Newark Office on the late evening of Friday, 4/22/55, and that it had been put in the mail to the Bureau. Foster stated that he got to thinking about the matter over the weekend and felt that maybe the article might not get to the specific attention of one of the Bureau officials and he, therefore, on Monday evening, 4/25/55, called the Bureau and talked with Mr. DeLoach, advising him of the article and the fact that it was an attack against the Bureau and he might wish to have it specifically called to his attention as soon as it was received at the Bureau. Mr. Foster stated on further reflection he guessed he should have called the Bureau about it on Friday evening, 4/22. I told Mr. Foster I very definitely felt he should have, inasmuch as Sylvester had launched a very vicious attack against the Bureau and we would obviously be interested in knowing about it as promptly as possible.

100-130027-344

I thereafter talked with Mr. DeLoach who stated that he had received a telephone call from Foster on Monday evening, 4/25/55; that Foster had brought the article in question to his attention; that DeLoach had instructed the Crime Records Section to secure a copy of the article, which Crime Records had secured from one of the Washington newsstands on the evening of 4/26/55. I requested Mr. McGuire to prepare a memorandum indicating the action taken by Mr. DeLoach and himself in this matter.

You have instructed me to have all personnel, who were involved in the captioned matter, prepare memoranda of explanation as to why this summary was not ready by 9:00 a.m. this morning instead of 9:25 a.m. when the details were submitted to you. The synopsis was completed by 9:30 a.m. and the memorandum assembled. I wish to add my own remarks to those of other personnel inasmuch as I feel I had the initial responsibility in this matter.

Prior to your call to me at home at 8:55 p.m. last night, I had already learned from Mr. Hanning of the Crime Records Section that instructions had been issued for this memorandum to be ready by 9:00 a.m. this morning. On Monday, May 9, 1955, I requested Mr. Jones' assistance in this matter in view of the self-inspection and numerous other projects which I have under way for you. Before the decision was made to have said memorandum ready by 9:00 a.m. this morning, I had reviewed the files on microfilm and the main "77" file on Harris. My notes were turned over to Mr. Hanning in connection with the 14 other summaries to be prepared in this project. I mentioned to you Friday P.M. of our suspicion of Harris, that I had called Newark, Washington Field and Baltimore regarding facts that would tie Harris in to this case and that the Washington Field and Baltimore checks were negative. Newark had only suspicions, no facts.

RECORDED - 138

67-338728-208

After you ordered the memorandum to be ready by 9:00 a.m. this morning, a double check of the files was made last night to insure all information on Harris was available. Mr. Hanning had all facts and agreed to come in early to complete the summary. He did come in at 6:45 a.m. and had Miss Wandzella report for duty at approximately the same time. There was sufficient opportunity to have the memorandum prepared by 9:00 a.m., however, upon dictating, it was noticed the files contained no information re Harris' participation in the Matusow and Flynn cases. You had orally mentioned this to me last Friday night. I was of the opinion this information should be checked with the Domestic Intelligence Division and mentioned briefly in the summary memorandum. Mr. Hanning was so instructed. This caused some delay. Dictation of the summary was completed by 7:45 a.m. It took longer for transcription than anticipated. The details were completed and assembled by 9:00 a.m., but were held for the synopsis, which was completed and brought in to you by 9:30 a.m.

DIVISION FOUR

Last Friday afternoon, I asked Mr. DeLoach to start a project of checking to ascertain the identity of the individuals whom Assistant Attorney General Tompkins brought into the Department from Newark. Mr. DeLoach ascertained that one of the principal persons Mr. Tompkins had brought to Washington was David H. Harris. In addition, there were thirteen other individuals. I, accordingly, told DeLoach that we should have short summaries prepared on all of them. Mr. DeLoach was also checking with the Washington Field Office and the Baltimore Office to determine whether Agents there had any contacts with Harris in connection with confidential informants.

On the night of Tuesday, May 10, 1955, the Supervisor on duty in the Domestic Intelligence Division called to advise that they had been instructed to get a memorandum up by 9:00 a.m., May 11, 1955, on Harris. Since the files were charged out to us, he wondered what the connection was. I told him we were getting up summaries and that we would handle this.

I then called Mr. DeLoach. He had not arrived at home as yet. Upon his arrival, he called me and I informed him we had to have the summary on Harris by 9:00 a.m. Tuesday morning. I further informed Mr. DeLoach that I had talked to Supervisor Gordon E. Malmfeldt, on duty in Mr. Jones' office, and Malmfeldt had determined that Supervisor Donald G. Hanning had this information. I emphasized to Malmfeldt that we had to have the summary by 9:00 a.m. this morning. I pointed out that Harris had figured prominently in the Matusow case and that it was not necessary to go into detail in his connection with the recent Matusow incident, but we wanted background on him.

I began checking shortly after 9:00 a.m. as to where the memorandum was. Mr. Jones stated that it was in the process and would be delivered shortly. Mr. DeLoach stated it would be delivered shortly. Actually the completed memorandum was not received in my office until 9:40 a.m. I asked for explanation which was attached.

Memorandum to Mr. Tolson from L. B. Nichols
RE: DAVID HOWARD HARRIS
PREPARATION OF MEMORANDUM

Mr. DeLoach points out that Mr. Hanning came in at 6:45 a.m.; that the summary was dictated by 7:45 a.m., but the transcription took longer than anticipated. The details were completed and assembled by 9:00 a.m. but the synopsis had not been completed until 9:30. Mr. DeLoach further points out that on Monday he was tied up on a self-inspection and that he regrets the delay.

Mr. Hanning, in his explanation, stated that he was contacted by the Agent on duty at approximately 8:30 p.m. last night and advised of the instructions; that he immediately had an indices search made; that he contemplated returning to the office but in view of the volume of the files, he felt that the files could not be delivered before 11:00 p.m. and that he would have difficulty in getting a stenographer at that time. He, accordingly, made arrangements for the files to be brought to his office, where he arrived at 6:45 a.m. on May 11, 1955. Mr. Hanning regrets the delay.

Mr. Jones did not know of this until he arrived a few minutes prior to 8:00 a.m. this morning, and in his explanation, he points out that when a specific deadline is to be met that it was improper to count on getting up a summary in the morning as there are too many uncertainties. Had Mr. Jones been informed by Supervisor Malmfeldt or Hanning last night, he would have seen to it that the memorandum was prepared.

I did not call Jones because I did not think this was necessary since it is the duty of his Supervisors on duty to keep Jones informed.

Accordingly, I recommend letters of censure as follows:

Thank you for your letter of July 18, 1955.

It was indeed kind of you to comment so favorably concerning the tour Special Agent James T. Murphy was privileged to conduct for you. I know that he and Inspector Cartha D. DeLoach enjoyed meeting Mrs. McGraw and you.

Washington, D.C.

Dear Mr. Hoover:

A quick note of thanks for the wonderful treatment afforded Mrs. McGraw and myself by Messrs. DeLoach and Murphy on our recent visits to Washington.

Possibly Mr. Nichols has filled you in on the proposed series of WANTED telecasts which are planned for this coming Fall, and may we repeat what we said to Mr. DeLoach, namely, anytime your department feels we can in any way help the tremendous job you are doing, please feel assured that we will go all out to do everything we can.

The tour we made of the FBI, which resulted in our much better understanding of the functions of your department, is something which should be experienced by all the citizens of our country. As I mentioned to Mr. DeLoach, I hope in the future we may make some arrangement whereby we may pass this experience along via radio to the audience of NBC's MONITOR program. As Mr. DeLoach suggested, we will contact him concerning this again in December.

Meanwhile, Mrs. McGraw joins me in again expressing our thanks.

Sincerely,

Walter J. McGraw

**ECONOMY STREAMLINING COMMITTEE
COMMENDATION**

C. D. DeLoach

You will recall that the Director approved in August the appointment of a streamlining committee to consider various suggestions and ideas whereby we would economize to balance our budget for the fiscal year 1956 and also effect savings whereby we could pay the new per diem rates.

Mr. N. P. Callahan of the Administrative Division was designated as chairman and he was assisted by Messrs. C. D. DeLoach, Records and Communications Division; C. L. Trotter, Identification Division; E. D. Mason, Training Division; William B. Cleveland, Domestic Intelligence Division; C. G. Callan, Investigative Division; and Gordon A. Nease of your office.

Clerical Supervisor William C. Jackson of the Administrative Division, Budget and Accounting Section, participated in all sessions with this group during the entire discussions.

The group did a magnificent job in considering all the various ideas and suggestions for economizing, and came up with excellent suggestions which were considered by the Executive Conference, which suggestions were approved by the Director. The economies suggested and approved should well take care of our estimated deficit for this year as well as the increased per diem costs. I think the work of the Streamlining Committee was of such an outstanding caliber that each of the members should be commended.

Stenographic employees Elizabeth A. Mays and Gladys M. Tietgen of the Administrative Division and Rose M. Wielkiewicz, stenographer in the Domestic Intelligence Division, all worked extra hours in order to complete the report. As an example, Miss Mays worked on the night of August 16 until 3 A.M. the following day, for a total of 9 hours' overtime, taking only 30 minutes for dinner. She had worked the full day of August 16. Miss Tietgen worked the same hours. Miss Wielkiewicz worked from 6:30 P.M. until midnight on the night of August 16, after working a full day. These three stenographic employees showed a high degree of enthusiasm and interest in staying until the job was finished so that the report could be presented to the Executive Conference the next day.

RECOMMENDATIONS:

(1) I recommend that Miss Elizabeth A. Hays, Miss Gladys H. Tietgen, and Miss Rose M. Wielkiewicz, stenographers, be given letters of commendation.

(2) I recommend that Messrs. H. P. Callahan, C. D. DeLoach, C. L. Trotter, B. D. Mason, W. B. Cleveland, C. G. Callan, and G. A. Nease, and also W. C. Jackson, receive letters of commendation for the fine job they did.

My mother, Mrs. C. C. DeLoach, who is visiting in Washington, will be taking a tour of the Bureau today at 11:50 a.m. My wife, Barbara, will accompany my mother, who is from Georgia.

It would be indeed a great thrill for my mother to have the opportunity of shaking hands briefly with the Director if his schedule so permits. I am cognizant of the Director's extremely busy schedule and in the event, he does not have time for this, I will certainly understand. My wife and mother have not been advised of the possibility of shaking hands with the Director, consequently, if the Director is unable to do this, there will be no disappointment.

The attached memorandum from Mr. Nichols to Mr. Tolson dated 10-20-55 recommended Incentive Awards for the following employees in the amount set forth: Maurice F. Row (\$400.00); William M. Robinson (\$200.00); Rush Buckley, Jr., (\$200.00); Paul T. Rosser (\$100.00); M. Ivon Soden (\$50.00); A. E. Leonard (\$100.00); Robert C. Byrnes (Commendation); C. D. DeLoach (Copy of memo in personnel file).

Mr. Nichols' memorandum clearly, yet briefly, set out the accomplishments of the various employees in bringing the new streamlined mechanization of the Bureau's payroll into effect. His memorandum stated:

"It is with some feeling of pride that I summarize the following results of our mechanization of the Bureau's payroll:

FBI has first completely mechanized payroll in Federal Government. Favorable publicity has resulted throughout Government. General Accounting Office (GAO) has been liberal in its praise recommending it to all Government agencies contemplating mechanization of payroll. Annual progress report of GAO on Government accounting commented favorably on FBI's mechanized payroll. GAO has requested IBM recommend the Bureau's procedure to interested Government agencies.

Many agencies have contacted and visited Bureau concerning mechanized payroll. Representatives of the Air Force, Bureau of Standards, Bureau of Indian Affairs, the Geological Survey and others have visited our installation. In addition, Navy Department and Census Bureau have been urged by GAO to follow our system.

Attorney General upon being advised by outside sources of the favorable reaction to the Bureau's mechanized payroll commented, "JEH. Good work. Again you're in the lead."

Savings of 25 clerical employees have been accomplished at an annual dollar savings of approximately \$75,000. In addition, payment to employees of retroactive pay raise was accomplished in very rapid time with savings of approximately \$1,000 to the Bureau. The morale effect of the prompt payment of the retroactive pay on Bureau employees was a personnel accomplishment.

Savings throughout the Government resulting from the adoption of the Bureau's procedures cannot be estimated but should be considerable.

Admittedly, in beginning there were certain weaknesses. In one pay period 60 checks, out of 14,000 prepared, had names misspelled. These were caught by Administrative Division and corrected. Immediate corrections were made to the system and any errors at all now are very few in number.

CONCLUSION:

Mechanization of the payroll was initiated as a result of a Training and Inspection Division recommendation in 1953. The original estimate of the savings to be accomplished was 3 people at \$10,000 annually. As a result of the outstanding work and efforts of certain Statistical Section employees, the savings has multiplied over 10 times and considerable publicity of value to the Bureau has resulted. I, therefore, feel that substantial cash awards are due to the employees primarily responsible for this accomplishment."

RECOMMENDATIONS:

1. MAURICE F. ROW, SUPERVISORY STATISTICAL OFFICER

Mr. Nichols recommended cash award of \$400. The payroll has been under Mr. Row's supervision since the inception of the mechanization. He has worked hard and long and on many weekends in order that all problems might be worked out and this move made a success for the Bureau. His daily average overtime during the formative period of mechanization was over 3 hours for which no compensatory leave or other compensation was asked or received. The success of the mechanization is largely due to Mr. Row's hard work and his loyalty to the idea.

Administrative Division recommends that Mr. Row receive a cash award of \$150.00.

Memorandum to Mr. Tolson from L. B. Nichols
RE: MECHANIZATION OF PAYROLL - ACCOMPLISHMENTS

10/20/55

CONCLUSION:

Mechanization of the payroll was initiated as a result of a Training and Inspection Division recommendation in 1953. The original estimate of the savings to be accomplished was 3 people at \$10,000 annually. As a result of the outstanding work and efforts of certain Statistical Section employees, the savings has multiplied over 10 times and considerable publicity of value to the Bureau has resulted. DETAILS:

As you know, the mechanization of our payroll has now been in effect almost 10 months. The unit is working smoothly and considerable savings have resulted. Certain weaknesses evident in the first few months of operation have been corrected and the error factor is now considerably less than under the old payroll system.

It is with considerable pride that I point to the fact that the FBI has the first completely mechanized payroll in the Federal Government. As you know, the General Accounting Office (GAO) has been very liberal in its praise of our procedures. In a memorandum dated October 12, 1955, to the Attorney General the Director advised that GAO was making wide distribution in Government agencies of the FBI's payroll procedure and was recommending all agencies considering

Memorandum to Mr. Tolson from L. B. Nichols
RE: MECHANIZATION OF PAYROLL - ACCOMPLISHMENTS

10/20/55

a mechanized payroll adopt the Bureau's procedure. The Navy Department and the Census Bureau particularly were asked to install such a procedure.

The Director further advised the Attorney General that the GAO had requested IBM to substitute the FBI's payroll procedure in lieu of any of their own in any recommendation for mechanization of payrolls in the Federal Government. The Attorney General noted on the memorandum "JEH. Good work. Again you're in the lead."

Such agencies as the Bureau of Indian Affairs, the Geological Survey, Bureau of Standards, Air Force, and others have either visited or have made arrangements to visit our payroll unit to examine our mechanized system.

Personnel-wise, the services of 25 clerical employees have been saved by the payroll mechanization or an annual savings of approximately \$75,000 to the Bureau. This does not take into account the ultimate savings throughout the Federal Government resulting from the adoption of the Bureau's procedures. The savings of 25 employees is computed as follows:

Statistical Section employees prior to consolidation	80
Received from Administrative Division	24
Leave work formerly in Administrative Division.	10
(Work analysis by Special Agent Clark of 21 employees formerly in Leave Unit disclosed 10 on payroll leave duties. This work absorbed without transfer of personnel. Leave Unit reduced thereafter by 10 employees.	
	<u>114</u>
Present staff	<u>90</u>
Savings	24
One employee saved in Payroll Distribution	<u>1</u>
Total savings	25

Other accomplishments have been realized as a direct or indirect result of mechanization. These are as follows:

1. Better scheduling of machine usage resulting in no extra cost of machine equipment.
2. Reduction of man-day's work on hand in Statistical Section in 1955 by 40%.

Memorandum to Mr. Tolson from L. B. Nichols
RE: MECHANIZATION OF PAYROLL - ACCOMPLISHMENTS

10/20/55

3. Absorption of additional functions.

- (a) Federal Employees' Group Life Insurance
- (b) Extra work resulting from fringe benefit law
- (c) Office of Preference records
- (d) One-thousand Hour Club

4. Elimination of two-week lag of payment to employees for premium pay, night differential, holidays, etc., a boost to morale.

5. Establishment of a firm payroll, a great improvement over our manual system according to GAO.

6. Because of the mechanized payroll it was possible to compute the retroactive pay for our employees under the recent pay raise legislation in phenomenal time. Checks were actually in the hands of employees in little over a week after the signing of the bill and could have been in their hands directly after the signing of the bill had funds been available. The resulting boost in morale of Bureau employees was tremendous and many favorable comments were received from the field and employees at the Seat of Government.

It is entirely possible that additional savings will occur as our employees gain in experience in mechanization procedures.

Mechanization of the payroll was initiated as a result of a Training and Inspection Division recommendation in 1953. Following this recommendation as a result of an inspection, the Executives Conference formed a committee to study the recommendation composed of Messrs. Harbo, Clegg and Mohr. DeLoach of my office, who at that time was with the Training and Inspection Division, was invited to meet with the group. The committee agreed that the recommendation was sound; however, suggested that the IBM Corporation make a survey to further determine the soundness or inadequacy of the recommendation. This was done, and the IBM people confirmed the recommendation. It was then decided that the new procedure would go into effect as of January 1, 1955.

In the beginning, as could be expected, certain weaknesses developed in the system. For example, during one pay period some 60 or 70 checks had names misspelled. These were caught by the Distribution Unit of the Administrative Division and corrected. Immediately a system was adopted to prevent the recurrence of any such error in the future. While no system is perfect, particularly

Memorandum to Mr. Tolson from L. B. Nichols
RE: MECHANIZATION OF PAYROLL - ACCOMPLISHMENTS

10/23/55

in as complex an operation as our payrolls, the incidence of errors at the present time is considerably less than under the old manual system since we have reduced the possibility of human error to a minimum.

While the mechanization of payroll was initiated as a result of an inspection, the accomplishments obtained and the resulting benefit to the Bureau both from a monetary and a publicity standpoint are due largely to the efforts of the following: Maurice F. Row; William M. Robinson; Rush Buckley, Jr.; Paul T. Rosser; and M. Ivon Soden.

All of the above employees have been outstanding in their performance over a period of time, particularly during the past 10 months. In addition to their enthusiastic application to work, these employees have always put in a large amount of voluntary overtime without any request for compensatory leave or other compensation. For example, a tabulation for the first 6 months of 1955 when the mechanization of the payroll was accomplished reflects the following:

	Total Overtime Hrs. Min.	Daily Average Overtime Hrs. Min.	Cost at Over- time Rate
Maurice F. Row.....	383 55	3 03	\$1,462.47
William M. Robinson.....	191 55	1 31	729.33
Rush Buckley, Jr.....	153 35	1 07	547.41
Paul T. Rosser.....	225 50	1 48	859.15
M. Ivon Soden.....	120 40	1 00	440.64

In addition to the above, the excellent morale of these employees and the work they have accomplished was due in no small degree to the excellent supervision of Section Chief A. E. Leonard.

I. RESOLUTIONS PASSED AFFECTING FBI

(1) Seven resolutions commending FBI presented to Convention by States of Alabama, Oregon, Pennsylvania, Maryland, Washington, and the District of Columbia.

(2) These seven consolidated into three resolutions; one commending "distinguished Director" of FBI and his associates for "unceasing fight to protect security of United States." The second resolution called attention to value of confidential security informants and brought out that CP, "pseudo-liberals" and subversive organizations were waging organized campaign against informants. The third resolution called for awarding of "J. Edgar Hoover Trophy" to Legionnaire in United States who had done most in fight against juvenile delinquency. This will be annual award in Legion. All resolutions received wide acclaim among Legionnaires. Latter-mentioned resolution referred to National Executive Committee of Legion which will meet at Indianapolis, Indiana, within forty-five days. Purpose of this action merely to determine identities of awarding committee and method by which trophy will be purchased each year.

(3) National press release issued by Public Relations Office, American Legion Headquarters, regarding FBI commendations. This information carried by several national commentators and the "New York Herald Tribune."

(4) DeLoach appointed as member of Americanism Commission to serve on subcommittee handling Legion resolutions.

II. OTHER RESOLUTIONS OF INTEREST

(1) United Nations Economic, Scientific, and Cultural Organization (UNESCO)..... Legion unanimously denounced Communist infiltration and policies of this organization and called for Congressional investigation. Of interest was terrific State Department campaign organized for purposes of obtaining favorable Legion reaction to UNESCO. State Department supported in its stand by Anti-Defamation League of B'nai B'rith who had two representatives at convention. This matter bitterly fought. However, special subcommittee appointed by Legion voted 54 to 6 to denounce UNESCO.

(2) One resolution called for commendation of Constantine Brown for his "unceasing fight against Communism." This resolution changed to include names of Fulton Lewis, George Sokolsky, Paul Harvey, Victor Riesel, and Earl Godwin. These individuals notified unofficially of this action by my office.

(3) Two resolutions brought up condemning Fund for the Republic and Robert Maynard Hutchins. One resolution rejected due to poor phraseology and lack of factual information. The second resolution was referred to standing committee of Legion for purposes of drawing up stronger phraseology condemning the Fund for the Republic. This same resolution points out that Henry Ford, II, in future should pay more attention to whom the Ford Motor Company grants allocations.

(4) One resolution called for Congressional investigation into American Civil Liberties Union (ACLU). This resolution mentioned that House Committee on Un-American Activities had in its possession a report condemning ACLU. The Legion requested this report be disseminated to general public.

III. NEW NATIONAL COMMANDER

J. ADDINGTON WAGNER
BATTLE CREEK, MICHIGAN

Very forceful, forthright, security minded, and has sincere, high respect for Director and FBI. Forty-one years of age, an attorney who has had considerable experience on Americanism Commission of American Legion. Desires to pay respects to Director on Monday, 10-24-55, or Tuesday, 10-25-55, according to convenience of Director. No derogatory information in Bureau files. Copy of summary memorandum dated 10-17-55 attached for information of Director. Letter of congratulation forwarded Wagner 10-14-55.

Mr. Tolson

October 17, 1955

IV. CONCLUSIONS

FBI received widespread, favorable comment from Legionnaires during convention. Considerable favorable publicity received as result of resolutions passed commending FBI. Commander Wagner will be vigorous supporter of FBI and all security measures. A disconcerting note was represented by State Department campaign to "force" favorable reaction to UNESCO upon Legionnaires. One State Department spokesman (Ben Brown) speaking for UNESCO openly admitted that Alger Hiss had considerable influence in shaping policies of UNESCO but quickly added "Benedict Arnold also was a traitor but did wonderful work for his country before turning traitor." It is felt that Legion denouncement of UNESCO represents only temporary setback to those forces who are in favor of gaining favorable Legion reaction. These elements will come back next year even better organized.

V. RECOMMENDATIONS

(1) Recommended that Director see new National Commander J. Addington Wagner on Monday, 10-24-55, or Tuesday, 10-25-55, according to convenience of Director. *OK. H.*

(2) Suggested letter to Seaborn P. Collins, retiring National Commander, attached. This letter thanks Collins for cooperation during tenure of office and for favorable remarks he made before convention concerning FBI. *OK. H.*

(3) Suggested letter to Hugh W. Overton, National Executive Committeeman from Alabama, attached. Overton has been most friendly and helpful. His department sponsored one resolution calling for commendation of FBI. *OK. H.*

(4) Recommend letters of commendation be sent to SAC Charles E. Weeks, Miami; SA Vincent K. Antle, Miami; and SA Donald G. Dear Mr. Hoover:

Through Captain Belger, I have learned of your writing him, under date of October 6, telling him of my visit there.

It is very true that one of your very capable associates took good care of me, and through him, your Mr. Edward F. Bloom gave me a special, personal tour, and explained to me many of the details of the activities of the FBI, which I had not, by any stretch of my imagination, been able to visualize.

Unfortunately I didn't record the name of your associate who assigned Mr. Bloom, and therefore I wonder if you will be good enough, please, to have him know from me that I thought he was most kind and considerate and helpful, and I thank you, and him, and also, please, every good wish for the continuation of the wonderful job that you and your department are doing in the interests of us, the people.

Memorandum to Mr. Tolson from L. B. Nichols
Re: Mechanization of Payroll - Accomplishments

12/6/55

MONETARY SAVINGS - \$75,000 per annum thus far -

Prior to mechanization, employees doing payroll work numbered as follows:

Payroll Preparation, Administrative Division	24
Payroll work in leave Unit, Administrative Division.....	10
Payroll Unit, Statistical Section.....	10
Total.....	44
Present personnel on payroll.....	20
Difference.....	24
1 employee saved in Payroll Distribution Unit.....	1
Net savings.....	25
Annual salary.....	\$75,000

Additional work absorbed through mechanization:

1. Federal Employees Group Life Insurance
2. 1000 Hours Club
3. Fringe Benefit law
4. Increased number of states with payroll tax deductions
5. Introduction of Federal participation in State Unemployment Compensation law
6. Incentive Award Program
7. Prompt payment to employees for retroactive pay raise

PUBLICITY

1. The General Accounting Office has formally commended and endorsed our system; has requested multilith copies of our procedure in substantial numbers; has recommended that IBM endorse the FBI's system over all others.
2. It has been necessary to prepare a package explanation of our procedure, many copies of which have been distributed to other agencies at their request. The following have actually visited the Bureau or have indicated definite plans to copy our system:

Memorandum to Mr. Tolson from L. B. Nichols
Re: Mechanization of Payroll - Accomplishments

12/6/55

- a. Bureau of Standards (1 group from the Payroll Unit and 1 group from Research)
 - b. U. S. Air Force - throughout the country
 - c. Bureau of Indian Affairs
 - d. Geological Survey
 - e. Army Quartermasters Depot
 - f. Navy Department
 - g. Census Bureau (pioneers in the field of machine tabulation)
3. The Attorney General upon being advised of the favorable reaction to the Bureau's mechanized payroll commented:
"JEH. Good work. Again you're in the lead."

POSSIBLE ADDITIONAL SAVINGS:

Experience over the years has demonstrated when a major project such as this is successful the door is opened to future economies in streamlining as well as the absorption of additional work with a minimum of personnel. Concrete examples of this fact may be found in the mechanization of uniform crime reporting, Identification Division cost and production records, fiscal and accounting matters, security index work, as well as other areas. Undoubtedly we will experience similar additional economies in the payroll work.

It seems impossible to judge these five people on the basis that each should receive an equal amount when actually each person made a different contribution to this program. I feel strongly that each employee should be rewarded according to his or her individual contribution. As the attached individual memoranda reflect, each employee definitely made separate and distinct contributions, some greater and some lesser. In keeping with the true spirit of the Incentive Awards Program, I think each employee's award should be based on their specific contribution to the success of the program. (Administrative Division recommended similar amounts for five employees and a letter of commendation for Mr. Leonard, the Section Chief. Mr. Leonard's contribution has been worthy of greater recognition, consequently I feel the foregoing paragraph also applies to him and that a cash award is warranted.)

Memorandum to Mr. Tolson from L. B. Nichols
RE: Mechanization of Payroll - Accomplishments

12/6/55

RECOMMENDATION:

I respectfully request reconsideration of this matter and strongly recommend the Incentive Awards as I originally suggested. A separate memorandum on each person mentioned for an award is attached.

ADDENDUM: JPM/akc 12/7/55 - Mr. Nichols is endeavoring to make a case for a different award for different employees of the same section of the Records and Communications Division for what appears to be an outstanding achievement. Undoubtedly the different employees made different contributions to achieve the over-all effort. It is my feeling, however, that this is more or less a group effort and a group achievement and although all members of the group might not equally contribute, they do equally share in any award that might be given. I think it would be very difficult, for instance, to differentiate between the various contributions and try to convert each into a dollar value that would equally represent the proper share of each individual member of the group. Under the circumstances I feel that the original recommendations made by the Administrative Division in its memorandum of October 31, 1955, should be approved whereby Messrs. Row, Robinson, Buckley and Rosser and Miss Soden each receive a cash award in the amount of \$150 and that Special Agents Leonard and Burnes and Inspector DeLoach each get a letter of commendation.

I agree, except as
to Row - who was in
charge - I recommend
he get \$200

Dear Mr. Hoover:

With reference to your letter of January 4, 1956,
in which I received criticism for the inadequate handling of a
request for a tour of the Bureau on December 23, 1955, for one
[redacted] and his family, I wish to advise that the mentioned
criticism is most certainly deserved, and I can assure you it is
well taken. [redacted] obnoxiousness and discourtesies should
not have affected the efficiency of administration in the least. The
criticism I have received will serve as a guiding lesson for the
future.

I realize it is not necessary to even mention the
fact that every outside contact I make, as a representative of the
FBI, is made with the express purpose of causing respect for you,
the FBI and its personnel. My record over the past 14 years, I believe,
will bear this out. I am only sorry that I let you down in this instance.
You may rest assured that it will not recur.

MR. TOLSON:

C.D. DeLoach

The National Commander of the American Legion, J. Addington Wagner, by the attached letter of 12/22/55, has designated Mr. DeLoach to serve as a member of the National Distinguished Guests Committee of the American Legion. This Committee picks the speakers and guests to appear at the annual Legion convention which consists of between 40 and 50 members.

It is practically unheard of for an individual member of the Legion to be appointed to two National Committees in one year although Mr. DeLoach has previously been appointed as Vice Chairman of the Subversive Activities Committee of the Legion.

I think that this reflects very favorably upon the caliber of Mr. DeLoach's liaison with the Legion.

Respectfully,

L.B. Nichols

NATIONAL COMMANDER

Mr. C. D. DeLoach
107 Morningside Drive
Alexandria, Virginia

Dear Mr. DeLoach:

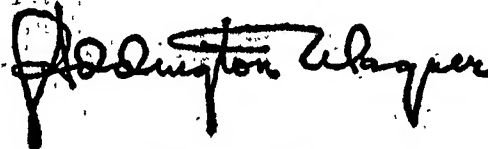

It is my pleasure to inform you that your appointment as a General Member of the National Distinguished Guests Committee of The American Legion was confirmed by the National Executive Committee on November 19, 1955.

I am hopeful that you will be able to serve on this Committee and would appreciate your advising me of your acceptance of the appointment within a week after receiving this letter. However, if I do not hear from you within that period of time, I shall consider that you are willing to serve.

You realize the importance of early membership. You know that if the programs of The American Legion are to be properly and successfully carried out, the organization must have the manpower and finances. This is a number one priority this year, and I am depending upon every member of every National Commission and Committee to see to it that his home Post equals or surpasses its 1955 membership.

With kindest regards, I am

Sincerely yours,

J. ADDINGTON WAGNER

Mr. Cartha Dekle DeLoach
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. DeLoach:

The facts relating to your inadequate handling of a request for a tour of the Bureau on December 23, 1955, for one [redacted] and his family, have been carefully reviewed and it is evident that you exercised extremely poor judgment in this matter. At the time you decided that [redacted] would be restricted to viewing exhibits only, you should have insured that you were in possession of all the facts relating to this matter. As a result of your failure to determine the extent of instructions issued previously, [redacted] and his family were left waiting on the fourth floor for some FBI representative to join them and no such contact was made.

This inefficiency on your part was inexcusable and reflected unfavorably upon the Bureau. Hereafter, you will be expected to discharge your responsibilities more effectively so that no further occasion will arise to criticize you in this manner.

Very truly yours,

John Edgar Hoover

Dear Mr. DeLoach:

The statistics regarding the number of visitors and tours handled at the Bureau during 1955 are indeed impressive, and I am writing to let you know of my gratitude for your splendid services in this connection.

It is gratifying to know of the tremendous interest which outsiders have displayed in the work and facilities of the FBI, and their many expressions of appreciation following their visits reflect most creditably upon your supervision of this program. I am happy to commend you for a job well done.

The following is a brief and concise summary of this employee's record for the Director's use in the event the Director should see him.

On 12-22-55 the National Commander of the American Legion, J. Addington Wagner, advised this employee that he had been appointed as a General Member of the National Distinguished Guests Committee of the American Legion. In a memorandum to Mr. Tolson dated 12-29-55, Mr. Nichols noted that this Committee picked the speakers and guests to appear at the annual Legion convention which consisted of between 40 and 50 members. It was practically unheard of for an individual member of the Legion to be appointed to two National Committees in one year although Mr. DeLoach had previously been appointed as Vice Chairman of the Subversive Activities Committee of the Legion. Mr. Nichols thought that this reflected very favorably upon the caliber of Mr. DeLoach's liaison with the Legion.

By letter dated 1-29-56 the Director CONGRATULATED Mr. DeLoach on his twelfth anniversary with the FBI.

It should be noted that Mr. DeLoach has received numerous letters of commendation and appreciation from persons outside the Bureau regarding his performance.

On 1-4-56 he was CENSURED for his inadequate handling of a request for a tour of the Bureau on 12-23-55, for one [redacted] and his family and it was evident that he exercised extremely poor judgment in this matter. At the time he decided that [redacted] would be restricted to viewing exhibits only, he should have insured that he was in possession of all the facts relating to this matter. As a result of his failure to determine the extent of instructions issued previously, [redacted] and his family were left waiting on the fourth floor for some FBI representative to join them and no such contact was made. By letter dated 1-5-56 Mr. DeLoach expressed regret for the above criticism.

FDH/wg (2)
 Attachment (Permanent Brief)

It should be noted that on 8-25-55 he was CONGRATULATED on his recent installation as Commander of the FBI American Legion Post Number 56. The Director was proud of the record of the Bureau Post, and he (the Director) was sure that it would achieve further honors in the ensuing year under his competent guidance.

His daily average overtime for February, 1955 was 2 hours 21 minutes; March, 2 hours 53 minutes; April, 2 hours 15 minutes; May, 3 hours 13 minutes; June 3 hours 20 minutes; July, 3 hours 38 minutes; August, 2 hours 49 minutes; September, 2 hours 55 minutes; October, 3 hours 8 minutes; November, 2 hours 28 minutes; December, 2 hours 13 minutes; and January, 2 hours 31 minutes.

As of 2-1-56 Mr. DeLoach's offices of preference was as follow: Prefers Washington, D. C. but will go where needed.

On Friday, 12-23-55, usual policy of curtailing tours during the afternoon of the last day preceding Christmas followed. Special Employee John R. Pollard assigned to center entrance, Pennsylvania Avenue, to meet guests that might arrive; he diplomatically advised visitors that tours had been temporarily discontinued and invited them to return on morning of next working day. If visitors insisted on seeing something of FBI, Pollard invited visitors to view exhibits on fourth and fifth floors.

CDX DeLoach PEYUICK
At approximately 1:00 PM, captioned individual, accompanied by wife and three children, met Pollard at center entrance and demanded tour. Pollard explained to him that tours temporarily discontinued. Despite Pollard's every effort in using tact and discretion, this individual became extremely obnoxious and started using profanity in loud voice. Pollard continued to be courteous despite abuse. [Redacted] using profanity loudly with every other breath.) During this tirade, Pollard excused himself on one occasion to shake hands with Bureau guests and to accept courteous thanks for assistance rendered. [Redacted] commented, "Huh. A good will hand shake, a h--- of a lot of good that will do you." [Redacted] became increasingly obnoxious and after berating Pollard further, he stated, "O.K., if that is all you have to offer, I will see your G-- d--- exhibits." [Redacted] told Pollard he intended writing personal letter to Director regarding treatment he received. [Redacted] and his family next went to exhibits on fourth floor in elevator lobby. They were unaccompanied. Pollard did not contact my office to seek advice as to how [Redacted] should be handled. He should have done this.

[Redacted] while on 4th floor saw Agent [Redacted] J.B. Adams walk by. Although not knowing Adams, he stopped him and requested to be taken to an appropriate place to register a complaint re tours. Adams escorted [Redacted] to my office where he was introduced to Mr. Wick. SE Pollard in meantime had learned that [Redacted] had been taken to Wick's office. He called Wick prior to Wick talking to [Redacted] and advised him of [Redacted] obnoxious behaviour. Pollard recommended no consideration be shown [Redacted]

Re: [redacted]

[redacted] told Wick he had come from New York to take tour with his family. Wick noted that [redacted] appeared to be extremely angry. Wick believed and acted upon theory that it would be advisable to calm [redacted] by appearing cooperative. Towards that purpose, Wick dispatched Tour Leader Louis Rhyne on pretext to determine if indoor range still open. Wick told [redacted] he would check and see what could be seen. Wick then sent [redacted] back to 4th floor to join his family, following explanation that Tour Leader would be down to join him. Two guests later advised that [redacted] returned to 4th floor and stated in loud voice to visitors viewing exhibits; "Don't let these small fry shove you around. All you've got to do is see an official. I have made arrangements to be taken on a special tour."

At this point, Tour Leader Rhyne, dispatched to indoor range by Wick, met DeLoach and SA Fred Morgan who were just returning to building. Rhyne and SE Pollard explained advised Mr. DeLoach of considerable public disturbance created by [redacted]. DeLoach then issued instructions that the line would be held on our set policy and that [redacted] would be restricted to viewing exhibits only. DeLoach, at this point, being in charge of tours in my front office, should have thoroughly checked all facts. He should have ascertained that [redacted] was waiting on 4th floor for some FBI representative to join him and his family. DeLoach did enter Wick's office and asked Wick if there was anything he wanted to pass on. Wick was engaged in interview of a mental case at this time and replied in the negative. DeLoach should have called Wick on the dictaphone and obtained full facts. He instead took it for granted that the matter was fully handled and returned to his desk to handle incoming mail. Due to his failure to properly handle this matter, [redacted] waited at least fifteen to twenty minutes on 4th floor without being contacted. Shortly thereafter, [redacted] after waiting mentioned period, returned to Wick's office and made the parting shot "forget the whole thing."

This was bad.

Although our inefficiencies are inexcusable, [redacted] further behaviour is exemplified by the fact he told Agent Supervisor Adams, "I know how this G-- d--- government operates." [redacted] said that he had at one time been a government employee himself, in fact, he had been a dollar-a-year man and would take "no pushing around"; he stated further that he had a relative who was formerly an attorney in Justice Department.

RE: b6
b7CCONCLUSIONS:

While conduct was extremely reprehensible and inexcusable, at the same time there was bad handling of the situation in my office. I have pointedly discussed this matter with DeLoach and Wick of my front office. I hold DeLoach chiefly responsible because he did not follow through to see that was contacted on the fourth floor. He additionally is in charge of tours and is responsible for the actions of his personnel. I believe oral admonishment is sufficient in this instance, particularly in view of the obnoxiousness of . This situation will not recur.

We have taken the following steps:

(1) Tour Leaders have been instructed to call my office in the future when the slightest sign of trouble arises.

(2) Visitors, regardless of circumstances, will not be allowed to go unaccompanied to any part of the building while on tour. The FBI is an intelligence agency and visitors should of course, accept proper security restrictions.

(3) I have firmly impressed upon personnel in my front office the absolute necessity of following through in all instances with respect to plans or orders issued regarding tours, as in the incident. DeLoach will be held specifically accountable for this action. Any lack of coordination will result in recommendation of disciplinary action.

ACTION: For record purposes.

Mr. Nichols:

Congressman Jack Pilcher of Georgia and Mrs. Pilcher invited me to drop by their home last Friday evening, 3/2/56. After we had heard Mrs. Pilcher sing and play the organ for awhile (she has a lousy voice!), the Congressman got in a talkative mood regarding the civil rights situation in the South. He advised that the Southern people were playing the situation all wrong, that actually Southerners were furnishing ammunition to the NAACP and minority hate groups. As an example he pointed out that he and forty-six other Southern Congressmen had that day signed a petition to the President calling upon him to deny the March 4th Civil Rights conference group the right to use the Interdepartmental Auditorium for their meetings. He stated that the NAACP would use this action as another attempt to deny equal rights to negroes, and that frankly, they would have the sympathy of many people across the country.

The Congressman spoke of the coming battle between old Senator George and Herman Talmadge in Georgia. He has great feelings for the Senator, but realizes that the Senator doesn't stand a chance against Talmadge and his popularity in the rural sections of Georgia. He thinks that Talmadge will have to campaign on the racial issue, but that once elected, he will not press the issue. He believes Talmadge has enough sense not to become another Bilbo. Senator George is very poor financially. His home in Vienna, Georgia, is worth only \$7,000 and he has no money set aside. Congressman Pilcher feels apprehension over the possibility of the Georgia election possibly being the spark that will set fire to racial feelings in Georgia. Talmadge is an excellent speaker.

INDEXED-38 RECORDED-38 EX-138 62-1-11-2

I deliberately steered the conversation around to the attacks on us by the several Georgia Congressmen over our civil rights investigations in Georgia. It was mentioned that apparently emotions had run away with logic, that we had been unduly criticized for carrying out our duties under the very law which Congress had seen fit to pass. The Congressman replied that old Judge Davis is a fanatic on the subject of white supremacy and will not listen to reason when he thinks someone is standing in his way. He stated that Congressman Canham is a christian gentleman, who nevertheless will play politics in trying to get votes, but who will listen to logic. The Congressman indicated that he personally was aware of FBI jurisdiction and that he had great respect for the Director. He added that Prince Preston (1st District - Ga.), who was one of the most capable of the Congressmen from Georgia, and of whom they all

file in Pilcher's file
HR

looked up to, certainly shared his viewpoints concerning the FBI.

I'm supposed to go fishing with Filcher and Prince Preston in three weeks. There will be further opportunities to discuss the same subject.
